

CONTENTS

Studies on the Analeptic Action of Electrical Stimulation in Barbiturate Poisoning. PAUL H. BLACHLY and JOHN M. BROOKHART	151
The Effect on Cerebral Circulation and Metabolism in Man of Acute Reduction in Blood Pressure by Means of Intravenous Hexamethonium Bromide and Head-Up Tilt. HRANT H. STONE, THOMAS N. MACKRELL, and RICHARD L. WECHSLER	168
Cardiac Arrest: Some Etiological Considerations, with Reports of Seventeen Cases. ROBERT PATRICK BERGNER	177
Resistance in Respiratory Valves and Canisters. K. H. HUNT ..	190
Antisepsis of Endotracheal Tubes and Face Masks. WILFRID L. J. McDONALD, HOWARD J. WELCH, and JOHN E. KEET	206
Pyribenzamine: Evaluation of Effectiveness as an Analgesic Agent in Regional Anesthesia. ALBERT M. BETCHER and ZIANG T. TANG	214
Three Decades of Ethylene-Oxygen Anesthesia. HUBERTA M. LIVINGSTONE	224
The Effect of Hypothermia on the Renal Circulation of the Dog. B. E. MILES and H. C. CHURCHILL-DAVIDSON	230
Effect of Pentothal and Pentothal Plus Nitrous Oxide-Oxygen Anesthesia upon Blood Sugar Levels in Man. GEORGE W. SESSOMS, DANIEL T. WATTS, HAROLD F. CHASE, and PATRICIA M. ANDREWS	235
Sodium Succinate in Pentobarbital Depression of the Cerebral Cortex and Medulla Oblongata. EDWARD LARSON, MARK F. WYNN, and JOSEPH P. ADAMS, JR.	239
Respiratory Effects of Oxygen Deficiency and Carbon Dioxide Excess During Ether and Barbiturate Anesthesia in the Dog. T. GORDH and A. ÅSTRÖM	245
A Lateral Approach for Lumbar Sympathetic Nerve Block. GEORGE WALLACE	254
The Effect of Nembutal Anesthesia on the Cardiac Response to Acetylcholine. HARRY A. TEITELBAUM and W. HORSLEY GANTT	261
A Technique to Minimize the Occurrence of Headache after Lumbar Puncture by Use of Small Bore Spinal Needles. BERNARD VIVA WETCHLER and DONALD E. BRACE	270

DEPARTMENTS

<i>Book Review and Notices</i>	283
<i>Current Comment and Case Reports:</i>	
<i>A Laryngoscope Attachment for Dual-Vision Laryngoscopy</i>	284
<i>A Stabilizing Endotracheal Adapter</i>	285
<i>Improved Connector for Intratracheal Anesthesia</i>	287
<i>Mobile Equipment for Regional Anesthesia</i>	288
<i>The Use of a "Space Helmet" for the Induction of Pediatric Anesthesia</i>	290
<i>A Simple Emergency Positive Oxygen Pressure Technique</i> ..	294
<i>Correspondence</i>	295
<i>Notice of Meetings</i>	176, 205, 229, 260
