

## Anesthesiology

1. Chlorpromazine: A laboratory and clinical investigation | 829
2. Observations on the action of thipental (pentothal ) on the laryngeal reflex | 848
3. Role of the Anesthesiologist in the management of intractable Pain | 854
4. A study of denitrogenation with some Inhalation anesthetic Systems | 861
5. Anesthesia for Children undergoing diagnostic cardiac catheterization | 868
6. Carbon dioxide homeostasis during anesthesia | 876
7. Carbon dioxide homeostasis During Anesthesia II total sampling for Determination of dead space alveolar ventilation and carbon dioxide output | 886
8. Decontamination of anesthesia apparatus | 903
9. A Comparative Clinical and statistical study of Thiopental and thiamylal in human anesthesia | 910
10. Complication of anesthesia during radical surgical about the head and the neck | 927
11. The antidiuretic effects of anesthetic agents | 939
12. Endotracheal tube sizes for infants and children | 950
13. Anesthesia equipment from 1914 and experiments leading to its development | 953
14. Estimation of cardiac output by the ballistocardiograph during thiopental-nitrous oxide oxygen anesthesia | 970
15. Neuropharmacology of procaine II central Nervous actions | 976
16. Erratum | 993
17. Reflex sympathetic dystrophy criteria for diagnosis and treatment | 994
18. Cardiac arrhythmia: Effect of vagal stimulation and hyoxia | 1004
19. Studies in the use of succinylcholine chloride (anectine) I. Muscle relaxant in general anesthesia | 1009

20. The sympathomimetic effect of cocaine in the Production of cardiac arrhythmias during cyclopropane anesthesia | 1017
21. Book reviews | 1021
22. Current comment and case reports | 1025
23. NEEDLE STORAGE RACK FOR NEEVE BLOCK CLINIC | 1028
24. Succinylcholine In the treatment of tetanus | 1029
25. Pediatric endotracheal connectors | 1034
26. A simple adaptation of the foregger circle filter for a nonrebreating technique | 1035
27. A piston-type nonrebreathing valve | 1037
28. New bronchoscopy suction tip: an improved method of obtaining wash specimens in bronchoscopy | 1038
29. Foam rubber horseshoe pad for prone positions | 1039
30. Index of authors | 1041
31. Index of subjects | 1051
