

## CONTENTS

## EDITORIAL VIEWS

- College of Physicians and Surgeons Jubilee. *Leroy D. Vandam* 295  
 No Mischievous Witchcraft. Anesthesiology in 1967, Bicentennial Year  
 of the College of Physicians and Surgeons. *Lester C. Mark, Richard  
 J. Kitz and Leonard Brand* 296

## OBITUARY

- Ralph Moore Tovell, 1901-1967. *David M. Little, Jr.* 307

## ORIGINAL ARTICLES

- The Metabolism and Elimination of *d*-Tubocurarine-H<sup>+</sup>. *Ellis N. Cohen,  
 H. Winslow Brewer and Dana Smith* 309  
 Measurement of Anti-Arhythmic Potency of Drugs in Man: Effects of  
 Dehydrobenzperidol. *G. Long, R. D. Dripps and H. L. Price* 318  
 Nitrous Oxide Inhibition of Sodium Transport. *Sheldon F. Gottlieb and  
 Stephen V. Savran* 324  
 Neuromuscular Effects of *d*-Tubocurarine, Edrophonium and Neo-  
 stigmine in Man. *Ronald L. Katz* 327  
 Effect of Subanesthetic Concentrations of Halothane and Methoxyflurane  
 on Pain Threshold in Conscious Volunteers. *E. S. Siker, Bernard  
 Wolfson, Harold E. Ciccarelli and Rubin A. Telan* 337  
 Placental Clearance of Mepivacaine Following Administration of the  
 Guinea Pig Fetus. *Hisayo O. Morishima and Karlis Adamsons* 343  
 Relative Ganglion-Blocking Potencies of Cyclopropane, Halothane and  
 Nitrous Oxide, and the Interaction of Nitrous Oxide with Halothane.  
*Henry L. Price and Mary L. Price* 349  
 Effects of Calcium and Cyclopropane on Purkinje Fibers. *John V.  
 Temte, Phyllis R. Helmer and Larry D. Davis* 354  
 Hyperventilation in Craniotomy for Brain Tumor. *Alfonso Schettini,  
 Albert W. Cook and E. Stewart Oubre* 363  
 Clinical Studies on Succinylcholine Chloride. *Leonard F. Walts and  
 John B. Dillon* 372  
 Effects of Hyperventilation on the Rate of Cerebral Anesthetic Equilibra-  
 tion. Calculations Using a Mathematical Model. *Edwin S. Munson  
 and Donald L. Bowers* 377  
 Measurement of a Spinal Reflex Response (H-Reflex) During General  
 Anesthesia in Man. Association Between Reflex Depression and  
 Muscular Relaxation. *Rudolph H. de Jong, William N. Hershey and  
 Irving H. Wagman* 382  
 Effects of Varying Respiratory Waveforms on Gas Exchange. *Norman  
 A. Bergman* 390

## CONTENTS

## REVIEW

- Hazards of Electrical Apparatus. *John M. R. Bruner* 396

## PROGRESS REPORT

- Effect of Changes in Blood Volume on Body Impedance. *Rex J. Underwood, David Cowing and George I. Johnston* 426

## LABORATORY METHODS

- The Gas Chromatographic Determination of Mepivacaine in Blood with a Note on Other Local Anesthetics. *E. L. Pratt, II, P. Warrington and J. Grego* 432

## BIOPHYSICAL OBSERVATIONS

- Synergistic Effect of Cyclopropane and Epinephrine on Sodium Transport in Toad Bladder. *N. B. Andersen* 438

## ANNALS OF ANESTHETIC HISTORY

- How "Indian Arrow Poison" Curare Became a Useful Drug. *A. E. Bennett* 446

## CURRENT COMMENT

- Inspired Oxygen Concentration Delivered by the Bird Ventilator. *G. R. Sellery and H. B. Fairley* 453
- Clinical Studies with Innovar. *Stevens J. Martin, John D. Murphy, Robert J. Colliton and Ronald G. Zeffiro* 458
- An Effective Method for the Treatment of Hiccups During Anesthesia. *M. R. Salem* 463
- Gadget. A Mechanical Aid for Positioning Psychiatric Patients for Spinal and Epidural Anesthesia. *Ludwig L. Blum* 464
- Case Reports. Laryngeal Band: Possible Relation to Prolonged Nasotracheal Intubation. *Willis A. Warner* 466
- Succinylcholine Danger in the Burned Patient. *John D. Tolmie, Thomas H. Joyce and George D. Mitchell* 467
- Serious Defects in "Simple" Equipment. *Frederic A. Berry, Jr., and D. W. Eastwood* 471
