

CONTENTS

EDITORIAL VIEWS

- The AABB Reference Laboratories. *Morten Grove-Rasmussen* 491

ORIGINAL ARTICLES

- The Effect of Depth of Anesthesia on the Neuromuscular Refractory Period of Anesthetized Man. *R. A. Epstein and S. H. Jackson* 494
- Nonspecific Stimulation of Drug Metabolism in Rats by Methoxyflurane. *M. Lawrence Berman and Julius F. Bochantin* 500
- Circadian Variations in Anesthetic Requirement and Toxicity in Rats. *Edwin S. Munson, Richard W. Martucci, and Robert El. Smith* 507
- Succinylcholine-induced Hyperkalemia in Dogs with Transected Sciatic Nerves or Spinal Cords. *William A. Stone, Thomas P. Beach, and William Hamelberg* 515
- The Effects of Anesthesia and 100 Per Cent Oxygen on the Functional Residual Capacity of the Lungs. *H. F. Don, M. Wahba, L. Cuadrado, and M. Kelkar* 521
- Pulmonary Extravascular Water Volume during Halothane-Oxygen Anesthesia in Dogs. *Bryan E. Marshall and Melville Q. Wyche* 530
- The Effect of Succinylcholine on Canine Gastrocnemius-muscle Oxygen Consumption. *Richard A. Theye* 537
- Resistance Breathing (Blow Bottles) and Sustained Hyperinflations in the Treatment of Atelectasis. *Frank J. Colgan, Paul D. Mahoney, and Gary L. Fanning* 543

PHARMACOLOGIC INTELLIGENCE

- Pharmacokinetics of Succinylcholine in Newborns. *Gerhard Levy* 551

CLINICAL WORKSHOP

- The Efficacy of Cricoid Pressure in Preventing Regurgitation of Gastric Contents. *Gary L. Fanning* 553
- The Search for Better Anesthetic Agents: Clinical Investigation of Ethrane. *H. W. Linde, V. E. Lamb, C. W. Quimby, Jr., J. Homi, and J. E. Eckenhoff* 555
- A Note on the Biotransformation of Fluroxene in Two Volunteers. *David A. Blake and Helmut F. Cascorbi* 560
- A Ventilating Attachment for the Fiber-optic Bronchoscope. *W. E. Spoerel* 561
- A Simply Constructed Automatic Pressure-relief Valve. *George S. Linker, Duncan A. Holaday, and Bernard Waltuck* 563
- Case Report. Cardiac Arrest during IPPV in a Newborn with Tracheoesophageal Fistula. *Anis Baraka and Michel Slim* 564

CORRESPONDENCE

- Eternal Vigilance. *Richard J. Jones* 566
- Anesthetic Effects on Baroreceptor Reflexes. *Henry L. Price* 567
- Hazards of the Valved Y-piece. *ASA Subcommittee on Standardization* 567

THE ANESTHESIOLOGIST'S BOOKSHELF
