

CONTENTS

EDITORIAL VIEWS	
CPPB and Vasopressin Secretion. <i>Walter H. Moran, Jr.</i>	501
High-frequency Electrical Equipment in Hospitals. <i>John M. R. Bruner</i>	504
SPECIAL REPORT	
Statement Regarding the Role of Methoxyflurane in the Production of Renal Dysfunction. <i>Committee on Anesthesia, National Academy of Sciences-National Research Council</i>	505
ORIGINAL ARTICLES	
Plasma Antidiuretic Hormone and Urinary Output during Continuous Positive-pressure Breathing in Dogs. <i>Robert A. Baratz, Daniel M. Philbin, and Richard W. Patterson</i>	510
Circulatory Effects of Peridural Block: II. Effects of Epinephrine. <i>John J. Bonica, Toshio J. Akamatsu, Peter U. Berges, Ken-ichi Morikawa, and William F. Kennedy, Jr.</i>	514
Diazepam Prevents Local Anesthetic Seizures. <i>Rudolph H. de Jong and James E. Heavner</i>	523
Chronic Exposure to Methoxyflurane: A Possible Occupational Hazard to Anesthesiologists. <i>Thomas H. Corbett and Gwendolyn L. Ball</i>	532
Pharmacokinetic Aspects of Intravenous Regional Anesthesia. <i>Geoffrey T. Tucker and Robert A. Boas</i>	538
Clinical Neuromuscular Pharmacology of Pancuronium. <i>Ronald L. Katz</i>	550
The Effect of Halothane on the Contractility of Atria from Starved Rats. <i>Kye-Chang Ko and Raymond R. Paradise</i>	557
Myocardial Function and Metabolism in the Methoxyflurane-depressed Canine Heart. <i>Robert C. Merin and Harold H. Borgstedt</i>	562
LABORATORY NOTE	
Vapor Pressure Tables. <i>Rudolph H. de Jong</i>	569
CLINICAL WORKSHOP	
Nonslipping, Nonkinking Airway Connections for Respiratory Care. <i>Bela Eross</i>	571
Clinical Implications of the Effect of Halothane on Depressed Rat Bone Marrow. <i>David L. Bruce and John A. Koepke</i>	573
A Variable-deadspace Device for Use with the Engström Respirator. <i>Stojan Jeretin and Tadeusz Wandycz</i>	576
Flash Fire in a Reducing Valve. <i>Joseph M. Garfield, Gary W. Allen, Paul Silverstein, and Max K. Mendenhall</i>	578
CORRESPONDENCE	
The Spinal-needle Director. <i>T. S. Morley, 580; Anthony J. DiGiocanni, 580</i>	
Calculation of Blood O ₂ . <i>C. Prys-Roberts, P. Foëx, and C. E. W. Hahn, 581; Richard A. Theye, 582</i>	
Instrumentation in Operating Rooms. <i>Selma Calmes, 583; Charles Lomanto, 583</i>	
THE ANESTHESIOLOGIST'S BOOKSHELF	585
LITERATURE BRIEFS	587
Drugs and Their Actions, 509, 513, 522, 531, 537, 556, 568—Obstetrics and Pediatrics, 570, 579, 584, 586	
INDEX TO VOLUME 34	589
